

Weddings at UCC Simi

If you would like to arrange a wedding in our sanctuary, please call 805-526-6001.

As an “Open and Affirming” congregation within the United Church of Christ since 1998, we welcome people without regard to doctrinal beliefs, race, nationality, ability, economic status, sex, sexual orientation, gender, or gender orientation. We also celebrate the decision by the California Supreme Court on May 15, 2008, that declared all people have a fundamental 'right to marry' the person of their choice and that gender restrictions violate the state Constitution's equal protection guarantee.

We are committed to Jesus' ministry of compassion and inclusiveness.

We affirm basic human rights, and encourage involvement on behalf of those whose rights are threatened.

We believe that sexuality is a gift from God, a mystery that we do not fully understand, to be used responsibly in relationships according to the principles of love and justice.

We have discovered within our faith community a diversity of sexual orientation that has enriched our common life, and feel called by God to make a commitment because of the relationships we have already been given.

We support singleness, and a variety of family lifestyles based on committed relationships. We celebrate rituals and ceremonies that honor these relationships.

Recognizing that county offices throughout the State of California, as of June 17, 2008, have begun to issue licenses that recognize the legality of same-sex marriages, the United Church of Christ in Simi Valley welcomes all couples with equal regard who seek to covenant together in the rite of marriage.

Carla Ritter, Church Moderator

The Rev. Dr. June Goudey, Pastor
